

Indiana legislature has done a great thing for its citizens with the phone privacy laws. Don't take that away from us...or even minimize it. I have the right to peace and quiet in my own home. Businesses/organizations who feel they have a right to solicit me can do so by mail. I NEVER make a purchase from a phone solicitation so I should not have to put up with the calls.

When it comes to advertising their products, businesses need to start thinking outside of the box....that is, the box that hangs on my kitchen wall!

Please, do not jeopardize MY privacy and MY rights!
